## New HUBER Partner in Denmark - AQUAGAIN – Folding Smed A/S

21.12.2020

After many years the sales-representative-agreement for DENMARK with KRÜGER A/S is expiring on 31.12.2020 by mutual agreement. We want to thank Krüger for the good and fair cooperation over all these years.

The year 2021 will start with AQUAGAIN – Folding Smed A/S as our new partner in Denmark for the sales and service of HUBER machines and solutions.

With Aquagain we get a new partner, who has the experience, the knowhow and the workforce to sell, install and service our HUBER equipment

in an optimum way to fully satisfy the needs and expectations of our municipal and industrial clients in Denmark.

We are convinced to enter into a success- and fruitful longterm cooperation with Aquagain
